Comments: F-4E WSO at Korat '73 - '74. Found the site, and it brought back a lot of memories. Also ran into a couple on names from the past: CHAN WORLEY (we did UNT & RTU together, and were "Hoochmates" at Korat. Also, BILL COMBER, with whom I regularly frequented "CTF". Great site....Hope to hear from more folks from that era.

Comments: I spent the one and only year of my entire life that I would love to relive in Korat from Aug '69-Aug '70. I was stationed with the 483 GEEIA (later named 483 EI) and spent 10.5 months of my 12 month tour traveling Thailand fixing TACANS. I was young and impressionable and that one year was with no doubt the most "informative" year of my life. I made many local friends, saw much of the country, saw some combat after the fact while TDY to Ubon and Udorn, and even made a "secret" trip to Laos to fix a TACAN. If only I was 20 again!

Comments: I was with the 347th F-111 in May '74 and '75. I was weapons flight line expeditor on 2nd shift. Had a wonderful time at Korat. I was in charge the night the Cambodians took the ship. We loaded up 2000 pound bombs and sent them off. I had two load crews working and we loaded out the jets. Great time that. Wonderful memories. I retired from the USAF in 1990

Comments: I was stationed at Khorat from June 1970-June 1971 with the 388th Avionics Squadron/388th Combat Support Group. I worked Weapons Control Systems for F-4E's. Did my 12 month tour, enjoyed Thailand, and got sent to MacDill here in Tampa. Discharged June 1973 as SSGT and went to school here on GI Bill. Currently 31 year employee of Tampa School District. Often think about Khorat. We lived in the large concrete barracks near the Post Office across from the Security Police "hootches". Enjoyed the town and the "local entertainment" . That was one interesting year for a young troop.

(Maxschnanernick or whatever, lol). I met Bill Studer here in Tampa in 1997 working in Emergency Mgt. He retired as a major general in 1992. He flew F-4E's with us in 70-71. Any Front seaters or GIB's remember Bill Studer? (then Capt Studer). What a small world. Loved the ChomSarong Hotel,T-locks, and the Steam and Cream. How about the cordoroy bottle bags and Bhat Bus? Left A.F. as SSGT in 1973.Great many good memories of our times at Korat with the bhat bugs and other Sundry items and activities. Go Air Force

Comments: What a great website. I was an Avionics Tech. (Doppler) on the F-105 and was TDY to Korat from Yokota, Japan. We began deployment August 5, 1964, but spent a few days at Clark AFB due to weather and tanker support. It was quite primitive at the time, with only a dozen or so support personnel there when we arrived. Quite a stay and a wonderful group of people and a great Aircraft. Spent a year at Takhli from 1969-70.

Comments: I was reading an article yesterday at a family reunion about my cousin that flew out of Korat 9 December 67 in a C-121 with 18 crew members. They lost engines 1 and 2 but made it back safely. The article said he and the crew deserved a Well Done for their actions. My cousin was Lt. Col. Council Lee "Sonny" Royal. He was killed in a crash in 1969 on his way back to the states. Anyone visiting this site that remembers Sonny I would love to hear from him. One of his two sons recently followed in his footsteps and became a Full Bird stationed in DC for the time being and on his way to Norway.

Comments: Served with 388th SPS Charlie Flight Security, Oct 73-74. After 33 years I'm still happily married to a beautiful lady I met in Korat. In a few years we plan to build a home Northeast of Bangkok. Her family lives well East of Korat. We spent a month touring all over Thailand in Oct-Nov 2005. We're planning to return again as soon as we build enough vacation time. When I saw the pictures of Don Noll I was very surprised, since we shared the same bunk beds when I first arrived in Korat.
