Comments: Korat: June 1971 to June 1972. Just reviewed all 183 pages and only found one entry I recognized (Dr. Edward H. Parker, Jr) who was my Commander in the 388th USAF Disp. I worked in the Laboratory. Shortly after my arrival, word quickly spread, and Thai people, who worked on base, referred to me as the "checky-checker" My "hootch" was across the street from the NCO Club annex with the "Flightline guys." Korat was educational and one of the best assignments of my career.

Comments: Korat was an interesting tour for 13 1/2 months. (Mid April, 1974 - Early June, 1975)

For a while, I was "Korat's oldest teenager" on AFTN, before graduating into Network News.

You are all cordially invited to visit the AFTN site,

www.aftn.net/AFTN/korat/newspersonnel.htm

and sign our guest book.

"Thank you for listening. I'm Army Specialist Ken Gilder; take care, I'll catch you later, and walk on, world. This day is dismissed."

Comments: I was at Korat, 72-73 a Ssgt engine mechanic assigned to the B66/C130 engine shop. After Tsgt Thompkins lost his leg at the Trim pad when a B66 jumped chocks, my self and other engine mechs were assigned to the trim pad with crew chiefs and a instrument mech. Trim pad was our permanent workcenter

I remember Korat, the Nco Club , Sawadee club and the downtown Hotels , clubs and bars and girls very well. Remember doing a lot of work too. Korat to me was a real good tour. Would like to hear from any one that might remember me.

I enjoy this website. So far have only run in to two people that I knew no one has contacted

Comments: Hi Bob, Nice site. I was at Korat RTAFB from May 1973 to May 1974. I was

assigned to the 388th AMS Radio shop. Originally a bunch of us were assigned to the 6140th TFS. After we went to a A-7D fam course at England AFB, LA, we headed for Korat. After we got there, we found out the 6140th never existed, except on paper. So, we were attached to the TDY A-7D since we had the training. I spent many a night walking the ramp keying secure voice and IFF mode 4. I had great time and would do it again. George

Location: Jacksonville, FL

Comments: I can't believe that as many times as I have checked in to this fantastic site I have never signed the guest book. I was stationed at Korat RTAFB from 11/69 - 9/70. During that time I was assigned to the 388th CSG, 388th HQ Sq., 388th AMS and finally the 553rd AMS as maintenance analyst. I never did figure out whether no one wanted me or everyone wanted me. Other than lots of work I was fortunate enough to have played on the base softball team and as a result got to travel to other bases in Thailand. I'll never forget our bus ride from Korat to Takhli after our C-47 was grounded for maintenance. I felt safer on the bus anyway. Sure would like to make contact with former teammates like "Duke" Ferrin, "Snuffy" Senft, Wayne Mauney, Lee Brooks and others. Like so many have said, one of, if not THE, best years in my life.

Comments: I still remember that flight from Yakota to Taiwan to Korat. The 1st Sgt said we better get off the flight line or we will be drowned. Sure enough worse(not the last) rain storm I was ever in. That was my first day at Korat. 66 and 67 were busy years for the A&E Sqdn. But did get to play alot of softball. Great guys and a great airplane. Does anyone remember the first WW were F-100's.

Comments: Thanks for the memories because everytime I get on board that's what happens. Assigned to 388 th Trans Sq Motor pool as driver and hauled just about anything. Remember the TDY down to U-Tapao Jan 69 when runway was down for repairs and hauled BAT-CAT flight crews off base what a trip. Have contact with Coonce, Campbell, Todd, Barre, Seafuse, all with Trans Sq 68-69 Ran base shuttle, Made mail runs to Don Maung in Bangkok as well as hauled flight crews for the 553 rd Recon Wg and College Eye crews.... My hootch was right across from the Sawadee Club and some nights crawled to it. Was proud to serve with you guy's

Comments: What a find. 1st tour was with 388th CES - diesel generator maintenance - 9/66 to 9/67. Traveled all over Thailand - Honda 150s, 250s, and 300. Picked up the language quickly, and had a great tour of duty. Have many slides I have just started to copy as jpegs, and it really brings back the memories. Spent the next 2+ years in Japan (Kashiwa xmit'r site 67-68), and 1st MOB at Clark (68-70) with a few TDYs back to Thailand (Udorn, Phitsanulok, Lom Sak) and Korea (Pohang, and Osan) and some day trips to mountain top sites in Laos. Will post some pictures in the future. Just found a few guys I ran with in Thailand on facebook. Really is bringing back some memories - mostly good. Cheers, everyone!

Comments: I was in the 388th MMS from 1970-71 and 1974-75. I worked in the Munitions Supply part of the Munitions Storage area or bomb dump. I was also in charge of most of the areas organized bowling. In 1970 I organized the Korat Kids bowling league that bowled downtown at the "Holiday Bowl" that also had a massage parlor. The league had a lot of WAF bowlers including MSgt Elinore "Red" Rasch who was a SSgt when I was born and MSgt Lena Martin. Red was the WAF highest average bowler in 1970 with 170. The highest man was SSgt Norb Treutel with 208. Bruce Carroll rolled a 299 game and I had a 723 series. In 1974 Mary Goodwin was the WAF highest average bowler with 170 and Steve Hoff was one of the highest average men. These bowlers all bowled on the Korat base bowling teams. I will be adding more than 40 photos to this site of the base, the MMS storage area and hootch area, various bowlers including WAF from 1970 and 1974 and a 1970 WAF softball game. I would like to hear from anyone who bowled at Korat or from anyone else who wants to write.

Comments: Served at Korat during March 1972 thru March 1973. Was a computer maintenance AF Sgt at the Army base next door. Remember having to drive the 29 passenger

bus to shuttle the guys and myself to and from the building on the Army base that housed the communications computer that routed traffic through it. Remember the cage just outside that held a small monkey captive inside it. We'd take our breaks outside sometimes in the heat and just watch that crazy monkey like we were at a zoo. Also remember running into a civilian (who I went to tech school with at Fort Monmouth Army base for six months prior to going to Korat) in a bar in Bangkok on New Years Eve (December 31, 1972) he was on R&R from another computer site in Vietnam where he was working as a computer maint tech and I was off for 2 1/2 days between my 7AM - 7PM 24hrs off 7PM - 7AM 2 1/2 days off. Didn't really get a chance to meet many people other than the ones I worked with. Also remember a concert on base under the parachute canopies. I thought it was wonderful even took some pictures and developed them myself on the base photo hobby shop. Spent some time also at the club feeding the slot machines which seemed to love to take my nickles and dimes. Loved the chow at the army mess right next door to the comm site and loved the Thai food!! what a meal you could get for a few baht.

Comments: Went to Korat in the pull out of Vietnam. Was in the Security Police. NCOIC of the Customs Section and then transferred to the Club Field. Lot of Fond memories there. Even got married. Had to leave just before it closed. Went through the arch for Lady Mo three times so I am suppose to return.

Comments: Signed in once before. I was with first group of PCS troops to spend a year at Korat, from Apr65-Apr66. They had just finished the new officers club and then built the NCO club and just before I left, the new airmans club was opened. By new, I mean it was a solid air conditioned type structure and not a hootch type building. I was with security police. We had F-105's and F-4's. I was at the evening fire in Korat where a couple of city blocks burned and was there when a C-130 crashed on approach and all were killed. I remember some aircraft so low on fuel on return from a run that they stalled out on the runway and had to be towed. It all seems more interesting now than it was back then!?

Looking for Billy W. Miller who called Cullman, Alabama home back then. Or would like to hear from any AP's that I worked with.

Comments: I was stationed at Korat in the early 70's working WCS on the F4 C and D Phantoms. I was on loan from Kadena. Stopped in to this Web site to find any photos of the place as it used to look back then.
